

**MITCH WINEHOUSE &
THILO WOLF BIG BAND
SWINGING **COLE PORTER****

British singer **Mitch Winehouse** and German pianist and big band leader **Thilo Wolf** have come together for their first joint album entitled “Swinging Cole Porter”. 14 songs by the American jazz composer and songwriter **Cole Porter** are presented in a new guise:

Wolf and some of Germany’s best arrangers have written new arrangements of these standards for the Thilo Wolf Big Band and swing singer Mitch Winehouse. The result is an album that couldn’t sound more timeless and fresh – not least because of Mitch Winehouse’s “*amazingly youthful voice*” (Volker Schulz, NDR).

“Thilo understood immediately what my musical interest is about. Together we wanted to present jazz classics and lesser-known numbers by Cole Porter in such a way that the freshness and elegance of their time are transported into today. You could say we created a modern way of vintage sound that shows how timeless the music of Cole Porter is.” (Mitch Winehouse)
